Dear AJCE Community,

Following the change of the website of the Federation of African Societies of Chemistry (FASC) to <https://faschem.co.za>, the email address for submitting manuscripts to the editor-in-chief of the Journal changed to eic@faschem.co.za. From now on words, please use this email address for all communications regarding AJCE.

This Special Issue of the Journal is fully devoted to review articles in chemistry education. We believe that reviewing where the research in this field of study will enable us to identify the gaps and avoid redundancies in doing research.
