

Indications, output and types of eyelid surgeries in a tertiary eye care facility in northern Nigeria: a review
Highland Med Res J 2016;16(1):7-10

Ojo P. Odugbo; Caleb D. Mpyet; Patricia D. Wade; Alice V. Ramyil; Mercy O. Adejoh

Table 2: Types and distribution of eyelid morbidities

Type of eyelid morbidity	n	%
Lid Laceration	74	30.0
Chalazion	64	25.8
Cystic lid lesions	26	10.5
Eyelid mass	26	10.5
Ectropion	12	4.8
Entropion/trichiasis	8	3.2
Symblepharon	5	2.0
Others	33	13.3
Total	248	100

Table 3: Types and distribution of eyelid surgeries among the study population

Type of eyelid surgery	n	%
Eyelid repair	74	29.7
Incision and curettage for chalazion/internal hordeolum	65	26.1
Excision biopsy	54	21.7
Bilamellar tarsal rotation	8	3.2
Tarsorrhaphy	8	3.2
Adhesiolysis	7	2.8
Wedge resection for ectropion	6	2.4
Scar release and full thickness skin grafting	6	2.4
Incision and drainage	4	1.6
Others	17	6.8
Total	249	100
