

## **Editorial**

We at JAFs are delighted to serve you with another issue of our educative, informative and entertaining journal. You are invited to savour such well-researched articles as Comparative Economic Assessment of the Effect of Selected Fallow Species for Soil Amendment on the Yield of SweetPotato (*Ipomoea Batatas*) Alley in the Guinea Savannah of Nigeria; Determination of Appropriate Growth Medium for Production of Sclerotia in *Pleurotus tuber-regium*; Performance and Phytate Utilization of Meat-type Chickens Fed Varied Levels of Acidified Diets; The Performance of Broiler Finisher Birds Fed Varying Levels of Feather Meal as Replacement for Soya Bean Meal; and Effect of Partial Substitution of Dried Plantain Flour on the Sensory and Functional Properties of Maize Flour Based Snack (*Kokoro*).

We sincerely and most profoundly thank the authors of the articles, our reviewers, the reading public and all. Let us keep the flag flying.
