## Editor's Note

---

The Editorial Board of the Journal of Nigerian Optometric Association publishes with great pride and pleasure, the second issue of the journal for this year 2024 – volume 26, Issue 2.

The journal features six articles made up of original research articles, review articles, and case reports spanning all aspects of Optometry and eye care.

I wish to thank the researchers who submitted articles worthy of publication in this issue despite the rigorous reviews the articles went through. I encourage more academicians, clinical practitioners, and other researchers to embark on groundbreaking studies and contribute to the growth and upliftment of the journal.

I appreciate the expert reviewers for their timeless sacrifices in making sure the articles submitted met with the quality and standards deserving of publication in the Journal of the Nigerian Optometric Association.

We shall continue to accept and publish high-quality research articles in eye care.

All publications in the JNOA are available at the journal website: [www.noajournal.org](http://www.noajournal.org) and African Journals Online website: [www.ajol.info/index.php/jnoa](http://www.ajol.info/index.php/jnoa)
