From the Editor

Our attention was drawn to the earlier publication of similar data by the authors and some others in Asian Pacific Journal of Cancer Prevention (doi 10.7314/APJCP.2015.16.13.5233) under the title, "Knowledge, Attitude and Behavior of Healthcare Providers towards Breast Cancer in Malaysia: a Systematic Review" which was confirmed. The corresponding author, Syed Wasif Gillani was contacted but failed to respond to communication in this respect.
